

event of a battle who can tell what <sup>their</sup> ~~consequences~~  
necessities might grow to in a single day  
They would want than faster than you could  
make - - But only a small portion of an Army  
compulsively spending on New England troops -  
N.Y., Penn. Ohio Ind. & Missouri have sent this  
hundred of thousands. and I greatly fear that  
these States lack the <sup>some extent</sup> intelligent active enterprising  
organizations at home which so characterize our  
New England circles. I think I discern traces  
of this in the Camp. I feel able passing through  
them that they could be better supplied without  
danger of enervation from luxuries - Still it  
is said that "our army is supplied" - it is also  
said also, upon the same authority that we "need  
no nurses," either male or female and none  
are admitted - I wished on how ago that  
you had been with me - In compliance with  
a request of my sister in the city I went to  
her house and found there a young Englishman  
a brother of one of the domestics who had been
